## ABOUT ME

Computer Science student and Full-Stack Developer experienced in building responsive web applications using React, Next.js, Node.js, Express.js, and MongoDB. Skilled in frontend development, REST API integration, database management, and creating user-friendly digital experiences. Developed 20+ projects through freelance work, professional experience, and personal development.

---

## EDUCATION

### Bachelor of Science in Computer Science

Government College University Fsd | 2023-2027

2023 – Present | 7th Semester | GPA: 3.55/4.00

### Saylani Mass IT Training Faisalabad

Web Development | 2024 – 2025

---

## WORK EXPERIENCE

### AFZ Prestige Corporate Services | Remote

MERN Stack Developer | Oct 2026 – Present

Develop and maintain full-stack web applications, including **CRM systems** and **SaaS dashboards**, using MongoDB, Express.js, React.js, and Node.js. Build responsive user interfaces, integrate backend APIs, manage databases, and implement dashboard features for data management and business workflows.

### Apexora 360 | On-site

Full Stack Developer | May 2026 – Present

Contribute to website development and maintenance, focusing on improving website functionality, responsive layouts, and user experience. Collaborate with the team to implement updates, resolve UI issues, and maintain website performance using WordPress and modern web technologies.

---
